

ACCIDENTAL OVERDOSE DEATHS ARE PREVENTABLE.

**Most deaths occur
1 to 3 hours after the overdose.**

Immediately calling 911 greatly increases the victim's
chances of survival.

GET HELP, AND MAKE A DIFFERENCE.

If you witness an overdose, call 911
- even if you're high &/or have drugs on you.

New York State's 911 Good Samaritan Law
empowers YOU to save a person's life by
protecting you from prosecution.

CALL 911 if the person:

- Is passed out and cannot be woken up.
- Is not breathing, breathing very slowly, or making gurgling sounds.
- Has lips that are blue or grayish in color.
- Has cold or clammy hands/skin.
- Has extremely small pupils.

THIS MESSAGE IS BROUGHT TO YOU BY
DAVID M. HOOVLER, ORANGE COUNTY
DISTRICT ATTORNEY
